## DETAILED ACTION

### *Information Disclosure Statement*

1. The information disclosure statement (IDS) submitted on 10/21/2004 has been entered and considered by the examiner.

### *Election/Restrictions*

2. Newly submitted claims 5-35 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the network, method and apparatus as recited in the newly added claims are directed towards a **passive optical network** having classification of Class 398 "**OPTICAL COMMUNICATIONS**", subclass 25 "Determination of communication parameter" or having classification of Class 398 "**OPTICAL COMMUNICATIONS**", subclass 168 "**Passive system**". The invention as recited in the original claims 1-4, on the other hand, is directed towards correlating a subscriber unit wherein an installer is prompted for location code having Class 379 "**TELEPHONIC COMMUNICATIONS**", subclass 21 "using portable test set (e.g. handset type)" which is completely unrelated to **PASSIVE OPTICAL NETWORK** thereby the inventions have separate status shown by their different classification. The inventions are distinct in that the search required for the original claimed invention is not required for the newly submitted claims.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 5-35 are withdrawn from consideration

Art Unit: 2643

as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

***Allowable Subject Matter***

3. Claims 1-4 are allowed.

***Conclusion***

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
